Jessica,

Got it. Looks very interesting. Not sure what I can do other than support the idea. Randy is the right person to continue working with. I would think among your list of potential USC partners Dean Knott and Price would be the most important. Let me know how I can help.

Hi Tom - apologies, we have been having issues with our email server and I thought the outline for the USC Urban Innovation center was attached to my previous email. Here it is. Look forward to hearing your thoughts. Thanks!
